December 2022

Aloha, 2022 has been quite a year for all of us! I wish you and yours a happy holiday season. I am most grateful you have entrusted me to be your representative on the Honolulu City Council and look forward to serving you for another term.

Here are some photos of us around the community as we celebrate 2022 and welcome in 2023.

The Honolulu City Council welcomed Councilmembers Tyler Dos Santos-Tam and Val Okimoto to the Honolulu City Council. They are both filling out the remainder of their predecessor's terms. They will be sworn in for their regular terms at the Inauguration on January 3, 2023, along with Councilmember-Elect Matt Weyer.

Pictured left to right: Councilmembers Tulba, Tupola, Kia'āina, Okimoto, Dos Santos-Tam, Say, Cordero, and Chair Waters.

Come see our Tree at Honolulu Hale! The theme was Kuleana, and we represented with the Honolulu City Council Lo'i Tree. Our office marched in the Hawai'i Kai Holiday Parade and the Kaimukī Holiday Parade—we saw so many of your smiling faces along the parade route!

Please feel free contact our office any time with your questions or concerns.
Mahalo,

Tommy Waters
Honolulu City Councilmember
District 4, from Ala Moana to Hawai'i Kai

Council District 4 Updates

HAWAII KAI CANOE HALAU REPAIR

Council Chair Waters added \$100,000 to the Capital Improvement Program (CIP) Project budget for repair to a parks facility. We are happy to report that the funds will be used to repair the front gate area of the canoe halau in Hawaii Kai. The Maintenance Support Services division of the Parks Department is overseeing this project and will work with the Hui Nalu Canoe Club and the contractor.

FINAL ENVIRONMENTAL ASSESSMENT ACCEPTED FOR WAIKIKI SHELL IMPROVEMENTS

The City is embarking upon a multi-year project to improve to the Tom Moffatt Waikiki Shell with funding over the next 20 years as to spread out the costs of these long awaited improvements. The Shell was first built in 1956. The improvements will not increase the capacity of the seating areas and will improve the guest experience by providing more seats in premium and accessible areas. Other improvements proposed include installation of sound baffles, installation replacing the existing open area food concession, and modification of orchestra pit area. Construction has not yet been funded.

The City recognizes that this venue is located within the Kapiolani Park Trust and is also adjacent to residential areas. To read more about this proposed project, please visit: <https://planning.hawaii.gov/erp/ea-and-eis-new-rules/> and type "Waikiki Shell" in the search box.

CAR REGISTRATIONS NOW AT HAWAII KAI SAFEWAY

The Department of Customer Services recently installed a DMV Now Kiosk at the Hawaii Kai Safeway on Keahole Street. You can renew your O'ahu car registration in three easy steps: 1) Scan your renewal notice or opt for manual entry; 2) pay with credit or debit card; and 3) print your registration card and new vehicle emblem. More information is available at hawaiidmvnowkisok.com.

LUANA KAI PROJECT CANCELLED

Emerald Communities, the developer of the Luana Kai retirement community, announced that they will be cancelling the project that was proposed for Kalama Valley. We appreciate that they listened to the community's voices, and we look forward to seeing what Kamehameha Schools will propose for that parcel.
